Subject: Westbridge Academy - 2 Week Closing Due to COVID 19 Pandemic

Dear Mr. Zarra and Ms. Meyler,

The recent recommendation to avoid large crowds, maintain social distancing, and recent CDC guidelines for schools makes clear that the most responsible decision at the present time is to close our school. Effective Monday, March 16, Westbridge Academy will be closed for a two (2) week period. All school-related activities and events are canceled until further notice and only essential employees will be permitted on campus. We will continue to monitor all events associated with the Covid-19 pandemic.

We will be communicating additional information throughout the course of this school closure especially in relation to our remote learning plan to our school community. Thank you in advance for your cooperation, support and understanding during this unprecedented time.

Sincerely,

Dr. Anthony Hadzimichalis
