

Being a Great Online Learner

As of March 31, 2020, seven states: Alabama, Arizona, Kansas, New Mexico, Oklahoma, Virginia, and Vermont moved to virtual learning for the remainder of the school year. What if New Jersey decides to continue virtual learning? Are you confident in your abilities as a virtual learner to remain focused and on task without your teacher nearby? Reflect on your learning experience from last week. Did you find that you were easily distracted? Were you able to get started easily and stay on task? You can continue to grow as a “Great Online Learner.” This week, we will focus on organization. Before you begin each activity, take a look around. Is your area neat? Do you have all of the necessary materials to complete the task?

Work through the activities below and keep track of your organization skills. How can organization help you stay focused and on task?
